

The Elite Balance Air HD is an alternating pressure mattress replacement system for use in the treatment and prevention of pressure ulcers. It provides patients a comfortable and therapeutic support surface to both enhance healing and prevent skin breakdown.

Pump offers digital pressure adjustment display and user friendly design

Alternating cell technology provides optimal pressure redistribution therapy

FEATURES OF THE ELITE BALANCE AIR HD

Nineteen individual air cells provide a unique design which keeps the lower layer of air cells constantly inflated while alternating cells inflate and deflate the upper layer.

- Digital pump with light-up display allows for effortless user experience and control
- Pressure control settings allow patient to set their personalized comfort setting depending on weight
- Auto-Detection setting automatically detects the patient weight and sets the appropriate pressure output for optimum patient comfort and ease
- Pump features audible and visual low pressure, power failure and machine malfunction alarms
- Split cell-on-cell design allows the patient to remain in an upright position and keeps mattress inflated up to 24 hours if loss of power should occur
- In the event of a medical emergency, mattress features a rapid deflation CPR valve

SPECS

- Size of mattress: 78" (L) x 42" (W) x 8" (H)
- 19 air cells
- Maximum weight capacity: 550 lbs.
- Cell Material: Nylon TPU
- Cover Material: Stretched Polyester with Polyurethane
- 1-Year Warranty
- Medicare HCPCS Code: E0277
