

## Nitro Duet Rollator and Transport Chair

- Combines the features of a rollator and transport chair into one unit. The user can ambulate independently or be pushed safely by a caregiver
- The tool-free two-position contoured backrest is reversible depending on whether you are using the Nitro Duet as a rollator or transport chair
- Back support height easily adjusts with tool-free buttons
- Caster fork design and large 10" front casters enhances turning radius and rolling comfort
- Cross-brace design allows for side-to-side folding and added stability
- Brake cables routed inside the frame add safety and convenience

PRODUCTS	Description
RTL10266DT	Nitro Duet Rollator and Transport Chair, 1/ea
