

## Supreme Sleep Comfort

WiseLift Chairs are designed for ease of use with the highest quality of material and specifications in mind. With one remote, the user can change all chair settings including, heat, massage, and recline positions. Every WiseLift Chair is meticulously inspected and tested to ensure reliability and customer satisfaction.

### EnduraLux™ Fabric

### PRE-PROGRAMMED POSITIONS

The chair has 5 pre-programmed positions: Sit, Sleep, TV, Zero Gravity and The Trendelenburg Position. You can then independently adjust the backrest or footrest for infinite positions.

### SIDE POCKET STORAGE

Our lift chair has storage pockets on either side for books, magazines or personal electronic devices.

### USER FRIENDLY REMOTE

Our feature packed remote gives you complete control as you relax. Simple icon description and LCD display make this rem best in class. Reprogram the preset positions to personalize your chair to your comfort.

### BACK-UP BATTERY

The back-up battery safety system ensures that you can return the chair into its original seated position even when the power goes out.

### INCLUDED ACCESSORIES

- Head Rest Cover
- Head Rest Pillow
- 2 Washable Incontinence Pads
- Arm Rest Covers
