Made folding
wheelchair with
quality and durability
that defines
Future Mobility

ADJUSTABLE BACK CANES

Set height of adjustable back canes between -5 and 21 degrees.

UNIQUE CROSS-BRACE

Single aluminium cross-brace for optimum rigidity and ease of folding. Elliptical heavy-duty cross brace tubing creates a structurally sound frame.

HEIGHT ADJUSTABLE AXLE PLATE

The axle plate ensures you are getting the maximum adjustment range you need without changing parts or adding unnecessary weight.

HEIGHT ADJUSTABLE JOURNAL

Allows for a seat-to-floor range of 13"-20" on the frame. It features dual bolt adjustment, which allows for easy adjustability. Journals can be positioned in a leading or trailing position, allowing for a stable footprint or a tighter turning radius.

Future Mobility is a North American manufacturer of wheelchairs, backs, cushions and accessories with our parts manufactured in house. This gives us the ability to customize anything needed for specific customer requests.
