FreeRider

The **FR 510F II** — a four-wheel, heavy-duty scooter — provides an impressive blend of rugged outdoor maneuverability while giving a smooth, comfortable ride over a variety of nature's most challenging terrains.

Durable and stylish, the FR 510F II includes a **standard front basket, wrapped around delta tiller, a wide angle head light and captain seat and roomy leg room with an adjustable headrest and seat back.**

If power is what you need, look no further than the FR 510F II. **Featuring a 500 lb. weight capacity, smallest turning radius in the same scooter class.** The FR 510F II uses two AGM 50AH batteries that provide a range of up to 20 miles between charges.
